EMPLOYEE PURCHASE PLAN FAQ'S

Your Next Steps And Frequently Asked Questions

So What's Next?

1. Once you have submitted your order, you will receive an email from TELUS. Click on the "Get My Offer" button in the email. Then check the box to verify your email. Once done you have finished this step. No need to submit the order online. If you are not using a work email address for submission, you will be required to upload a proof of employment via your personal email. These include a Badge ID, Warrant Card, Current Paystub, or Current Letter of Employment from HR.

2. 24-48 hours later you will receive an agreement from Sky Wireless staff to sign off on. This will need to be signed and sent back via email or fax. Our Fax Number is 647-498-1046

3. If your device selection requires payment, a Sky Wireless representative will contact you for credit card details; e-Transfer is also an option, however we cannot accept Debit Visa/Debit MasterCard.

4. Once your service agreement is signed, your device will be shipped to the address of your choice as indicated on the order form within 24 hrs.

5. Your device will come with a sticker with activation instructions located on the box. Follow these to complete the process.

Frequently Asked Questions:

- Is the Data Shared?
  - Yes. If you multiple lines on the same account the data will be combined. For example, if you have 2 Subscribers on the $60 20GB Data Plan both lines would share 40GB of data. Once the 40GB of data is exceeded the speed will be reduced to 512kbps. There is no Data Overage Charges. The Data is Unlimited.

- Can I keep my number?
  - Yes you can keep your current TELUS phone number on renewal or bring a number from another carrier if you are new to TELUS. If you are porting from another provider, we must have the account number to submit the transfer.

- How do I transfer my number to TELUS from my old provider?
  - Your device will come with a sticker on the box indicating the final process to complete the transfer. It is similar to activating a credit card at home and takes only 30 seconds.

- Do I have to call my other carrier to cancel?
  - No. Once you finish the transfer process your other service provider will automatically cancel.

- Can I have a second corporate account?
  - No. Each employee is eligible for one Corporate Account and you may have up to 10 activate lines per account.

- Why do I need to input my Drivers Licence or SIN?
  - One or the other is required by TELUS to complete a credit check along with your Date of Birth.

- Why do you need my Personal Email address?
  - This is the email address that will be registered with TELUS for your My TELUS registration. TELUS no longer offers paper billing (except in special circumstances). You can access all of your account info, usage and bills through the App or Site.

EMPLOYEE PURCHASE PLAN
FAQ'S

Your Next Steps And Frequently Asked Questions Continued

- What if I am with TELUS on a consumer plan currently, or under someone else's plan?
    - TELUS charges a one time $75 fee for transferring to a corporate account. This is called a Migration. This process can take up to 24 hours. If your account is in someone else's name a $35 transfer of ownership will apply. If you are migrating more then one line, the migration fee of $75 is waived.
- What if I have billing questions?
    - Billing questions and concerns can be easily resolved with TELUS Client Care directly by calling 611 from your mobile or 1-866-558-2273.
- Does my phone come with any warranty?
    -Your handset comes with a 1 year manufacturers warranty. This does not include any liquid or physical damage which voids this warranty. You can reach out to the manufacturer directly or contact us for warranty inquiries. Repairs can be arranged for most devices through your local Telus store.
- How can I find out if I'm eligible to upgrade my device?
    - You can see your device balance as well as your plan information through the My TELUS app, Online account or on your Telus bills or by calling customer service by dialing 611
- What if I don't like my new device?
    - You have 15 days from your activation or renewal date to return or exchange your device.
- Can I use my device as a mobile hotspot?
    - Yes you can use your device to create a mobile hotspot and allow others to connect.
- What happens after my 2 years is complete.
    - Your device will be paid for and your amortization of the device will drop off, reducing your cost to the rate plan only.
- Can I transfer my existing plan to the new Unlimited Plan?
    - Yes, but you would be required to payback your existing device balance in order to do so if on contract.
- Am I required to pay taxes on the new device?
    - Yes, you are charged a provincial sales tax upfront all device purchases.
